About Center for Children

For more than 30 years the Center for Children has been dedicated to the Prevention and treatment of Child Abuse and the promotion of positive mental health in our community. Our mission is to ensure that every child grows up [#HealthyHappy&Safe](#). April is National Child Abuse Awareness Month and during the entire month we will be working hard to promote [#ChildAbusePrevention](#).

Why We Need Your Support

It is important for us to bring as much awareness as possible to the importance of preventing child abuse. However, we can't do it alone. We need your support in spreading the word in our community about child abuse and how we can help prevent it.

You Can Make a Difference!
